

BREEZWAY CPD TUTORIALS

Please contact Breezway on (07) 3847 0500 or email designassist@breezway.com.au to make your booking.

FALL PREVENTION

Learn about the 2013 BCA Fall Prevention requirements in response to the ongoing issue of children being injured due to falls through windows and the expansion of apartment living. This CPD will take you through the provisions, testing requirements to show compliance and the potential resultant impact on ventilation.

FORMAL CPD POINTS OFFERED:

1 Hour Presentation = 1 Formal CPD Point

VENTILATION

This CPD explains the scientific benefits of ventilation and will take you through a thorough presentation of the impact on ventilation of different window types. A modelled energy efficiency study will then be discussed followed by a briefing on the WERS ratings for screened windows.

FORMAL CPD POINTS OFFERED:

1 Hour Presentation = 1 Formal CPD Point

AS2047 & AS1288

AS 2047 "Windows and external glazed doors in buildings" and AS 1288 "Glass in buildings - Selection and installation" are two of the key Standards relating to windows. This CPD Tutorial will explain the key sections of the Standards that specifiers interact with and the impacts of the requirements of the Standards on their designs.

FORMAL CPD POINTS OFFERED:

1 Hour Presentation = 1 Formal CPD Point
