

Breezway CPD Tutorial

Louvre Windows: AS 2047 & AS 1288

This tutorial will provide an overview of AS 2047 and AS 1288 for specifiers. AS 2047 “Windows and external glazed doors in buildings” and AS 1288 “Glass in buildings - Selection and installation” are two of the key Standards relating to windows. This CPD Tutorial will explain the key sections of the Standards that specifiers interact with and the impacts of the requirements of the Standards on their designs.

LEARNING OUTCOMES:

- Awareness of the various performance requirements of AS 2047
- Appreciate the trade-offs between performance, size and window configurations
- Awareness of the factors influencing glass strength
- Understand how the risks of human impact can be managed through glass selection and design

FORMAL CPD POINTS OFFERED:

1 Hour Presentation = 1 Formal CPD Point
