

# Altair® Louver Windows

## POCKET GUIDE

*breezway*  
A JELD-WEN Company

### Glass, Wood or Aluminum

### Control Methods

Standard Handle

Low Profile Handle

Ring Pull Handle

Powerlouver™ Window\*

Inside Screen Slide Handle

Inside Screen Handle

\*The award-winning automated Altair Powerlouver Window is controlled by motors concealed within the head of the frame.

### Altair® Louver Compatible Window Systems

#### ios® Window System

Allows for easy fitting of screens on the inside or outside of the frame. UV stabilized inside screen slide handle is available when internal screening methods are required.

#### Makani™ Window System

Ideal for narrow frame applications where screening is not required.

#### Altair® Louver Window Strip Hardware

Breezway offers a wide range of strip hardware sizes that can be installed into a variety of window frames supplied by others.

#### Stronghold™ System

Locks louver blades in place and provides extra safety when in the open position. Ideal for second story buildings or higher. Available in ios or Makani Window Systems.
